mary june blakely s family is broken and scattered she and her husband have paid the price for years of unspoken emotions one son is lost forever another morgan has not been home in over a decade when morgan unexpectedly returns to help care for his sick father the family begins to face their demons

contrary to popular assumption the development of stronger oversight mechanisms actually leads to greater secrecy rather than the reverse when should state secrets stay secret examines modern trends in intelligence oversight development by focusing on how american oversight mechanisms combine to bolster an internal security system and thus increase the secrecy of the intelligence enterprise genevieve lester uniquely examines how these oversight mechanisms have developed within all three branches of government how they interact and what types of historical pivot points have driven change among them she disaggregates the concept of accountability into a series of specified criteria in order to grapple with these pivot points this book concludes with a discussion of a series of normative questions suggesting ways to improve oversight mechanisms based on the analytical criteria laid out in the analysis

it also includes a chapter on the workings of the cia to which a number of cia officers contributed

in the grand tradition of ben mezrich's *The Accidental Billionaires* 2009 an engaging look into a fascinating subculture of millions booklist breezy how to turn down a billion dollars ably if uncritically chronicles the short history of a young company catering to young users with a young chief executive and reveals intentionally or not the limitations that come with that combination wall street journal the improbable and exhilarating story of the rise of snapchat from a frat boy fantasy to a multi billion dollar internet unicorn that has dramatically changed the way we communicate in 2013 evan Spiegel the brash ceo of the social network snapchat and his co founder bobby murphy stunned the press when they walked away from a three billion dollar offer from facebook how could an app teenagers use to text dirty photos dream of a higher valuation was this hubris or genius in how to turn down a billion dollars tech journalist billy gallagher takes us inside the rise of one of silicon valley's hottest start ups snapchat developed from a simple wish for disappearing pictures as stanford junior reggie brown nursed regrets about photos he had sent after an epic feud between best friends brown lost his stake in the company while Spiegel has gone on to make a name for himself as a visionary if ruthless ceo worth billions linked to celebrities like Taylor Swift and his wife Miranda Kerr a fellow stanford undergrad and fraternity brother of the company's founding trio gallagher has covered snapchat from the start he brings unique access to a company bloomberg business called a cipher in the silicon valley technology community gallagher offers insight into challenges snapchat faces as it transitions from a playful app to one of the tech industry's preeminent public companies in the tradition of great business narratives how to turn down a billion dollars offers the definitive account of a company whose goal is no less than to remake the future of entertainment

this encyclopedia provides a structure to understand the essential rudiments of human behaviour and interpersonal relationships

using a relational approach to the study of interpersonal communication this text provides comprehensive coverage of popular theories and concepts in interpersonal communication the research base of the book draws heavily from communication but also emphasizes the interdisciplinary nature of the study of personal relationships the book focuses on communication within close relationships and is organized using a developmental approach the early chapters focus on processes that shape initial interaction and relational escalation with the caveat that some of these processes e.g. self disclosure uncertainty also play important roles in established relationships the middle chapters examine issues related to maintaining a loving fair and intimate relationship the latter chapters focus on challenges relational partners face including coping with privacy needs relational transgressions and conflict the last chapter is on relationship endings the book includes research from various disciplines such as social psychology and family studies but the primary focus is communication research

an internationally renowned palliative care physician offers guidance on living with a terminal illness based on research funded by the Soros Foundation and extensive interviews with dying

people a profound and practical book about living with a terminal illness over a long period of time it offers guidance solace and helpful strategies for people who are terminally ill their families and caregivers facing death results in more fear and anxiety than any other human experience western medicine has accomplished a great deal in addressing physical pain and controlling symptoms for people with a terminal illness but much slower progress has been made in understanding and alleviating psychological and spiritual distress in what dying people want dr david kuhl begins to bridge that gap he does so by addressing end of life realities physical psychological and spiritual through his own experiences as a doctor and through the words and experiences of people who know that they are dying he presents ways of addressing the pain of finding new life in the process of dying and of understanding the inner reality of living with a terminal illness he acknowledges the despair and recognizes the desire for hope and meaning dr kuhl also makes the provocative case that insensitive communication by doctors creates more suffering for patients than either the illness or the knowledge of impending death and offers both the dying and their caregivers guidance on preventing painful interactions he provides ways of speaking about difficult topics with physicians family members friends and those who have a terminal illness this book started with a research question what is the daily experience of living with a terminal illness how does that experience affect your sense of self your relationship with others and your understanding of the spiritual many of those i interviewed asked me to share what they had given me with others who would follow those with a terminal illness as well as their friends and family members who would care for them and about them they asked specifically that i write a book for a general audience and not only for my colleagues in the medical profession this is the book that grew out of that research dr david kuhl

more than one million americans each year are diagnosed with cancer this guide prepared by the largest cancer program in america devoted exclusively to providing psychological and social support presents a unique source of information guidance inspiration and hope for any patient who wants to take an active role in fighting cancer
